

Traditional Leaders

vs

Collaborative Leaders

The workplace is changing. Leadership is changing. The future is collaborative.

Believe power comes from their position of authority

1

Believe power is greatest in a collective team

Maintain ownership of information

2

Openly share information and knowledge

Sometimes listen to suggestions and ideas from their team

3

Encourage suggestions and ideas from their team

Deliver the approved solution to their team

4

Facilitate brainstorming with their team

Allocate time and resources only when proven necessary

5

Enable their team with immediate time and resources

Adhere to specific roles and responsibilities

6

Allow roles and responsibilities to evolve and fluctuate

Fight fires and focus on symptoms

7

Seek to uncover root causes of issues

Review staff performance annually based on company policy

8

Offer immediate and ongoing feedback with personalized coaching
